ABOUT RIGA

The competition will be held in the capital city of Latvia. Riga is the gem of the Baltics. It is situated at the mouth of the Daugava, on the shores of the Gulf of Riga on the Baltic Sea. Climate in Riga is influenced by its proximity to the sea; therefore it is moderately warm and humid. The average temperature in September is +15 C.

Due to its geographical location on the Baltic Sea, Riga has been an important centre of trade, finance and culture for centuries. Representatives of many nations have lived and worked in Riga – apart from local Livs and Latvians, Germans, Swedes, Russians and Poles also considered Riga to be their city.

Riga has unique values due to its rather intact medieval architecture. The regular building of the turn of the 19th and 20th centuries is characteristic for the planning of the historic centre, oriented towards the direction of main streets in the Old City, which emerged approximately in the 14th century. In some districts of Riga, for various reasons, complex wooden constructions of that time have still been preserved, and that is an amazing phenomenon in the 21st century. In 1997 the historic centre of Riga due to this valued architecture was inscribed on the UNESCO World Heritage List.

Riga belongs to the cultural space of Western Europe. For the city, dynamic and diverse music and arts activities are typical. Over centuries, the creative atmosphere evolved in Riga and inspired composers, poets and artists. Riga has hundreds of ways for enticing visitors – its rich history, architecture, spacious gardens and parks, museums, art galleries, world-class opera, and daily treats like a walk in the enormous colourful central market or going to a cosy café, club or pub.
